ON RULED SURFACES IN THREE-DIMENSIONAL MINKOWSKI SPACE

LAP LAMBERT Academic Publishing. Paperback Book Condition: New. Paperback 100 pages. Dimensions: 8.7in x 5.9in x 0.2in. In a Minkowski three dimensional space we define a semi-inner-product based on the so-called cosine-Minkowski function. We also construct an orthogonal 3D frame in Birkhoff sense, which is canonically adapted to ruled surfaces: beginning with the generator direction we complete this frame using the strictly convex and centrally symmetric unit ball B , which is described either by supporting function or vector representation. Based on...

Reviews

A really wonderful book with perfect and lucid information. I actually have study and i am sure that i am going to gonna read through once more yet again in the future. I am pleased to explain how this is actually the finest ebook we have study inside my personal daily life and might be the finest book for at any time.
