Marketing at first as part of the economics. and later gradually stripped from economics. sociology. psychology. management science and other disciplines of knowledge fusion. the formation of the separate disciplines of knowledge. After years of development. marketing theory continued to be perfect. becoming strong theoretical support guide enterprise marketing practice. Before the reform and opening up. China's market environment. lack of marketing theory. Almost all the products are in short supply. the shortage economy. not worried about sales. The same time. the highly centralized planned economy system allows businesses to the lack of production and operational autonomy. especially the right to product sales. Business concern is how to ensure that maximize production. operation and management of the center is how to organize the purchase of raw materials and the organization of production. After the reform and opening up. the market environment began to change. In the economic system. the planned economic system gradually the market economic system replaced product sales are no longer arranged by the state plan. but need to market to sell so-called do not go to the mayor to go to the...
