Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Across cultural barriers and dimensions, ghosts, elves, mankind and monsters are entangled in webs of passion, fury and angst. Presented in this collection are a variety of fantasy tales from different angles and offers hope in a chaotic treacherous world. What others are saying: This is a really cool idea! But it seems like there should be more to the story. Maybe you could add some more details and maybe how Aros had found Lexus and how they bonded together. And maybe you could add where Brach and Aros battle. And the humans just accepted that the dragons were nicer? You could add a little bit of a struggle for Lexus to try and get the others to become friends. Those are just some ideas though, overall it was pretty good! (Adrainea, deviantart friend) (Samantha) This is a good story! It flowed nicely and was just absolutely wonderful! I can t wait to see more of your work! (voiceworks) The Editorial Committee and I really enjoyed reading your beguiling high-fantasy story about a fey that falls in love with a nymph. I really enjoy fantasy stories and surprisingly not many are submitted to Voiceworks, so it was great to read yours. Your writing style is generally very clear and your story establishes a strong sense of place, which is always important for fantasy pieces. Keep it up.
