The projects use a range of different types of clay: non-hardening plastic material, clay that you bake in the oven, and material that dries on its own. It is ideal for 7- to 12-year-olds, with simple models to start off with and more sophisticated projects for older kids. Astound your friends with these weird and wonderful models! There are loads of ideas to try out, including people, animals, plants, ghosts, strange creatures and even a birthday cake. Some of the models use drying material, which hardens in about 24 hours without baking. Others use baking material, which is finished in an oven. Many of the projects use simple plastic material, which does not harden and can be reused. This is the best kind of clay for beginners....
