Alphascript Publishing Dez 2009, 2009. Taschenbuch. Condition: Neu. Neuware - The Great Lakes Storm of 1913, historically referred to as the 'Big Blow', the 'Freshwater Fury' or the 'White Hurricane', was a blizzard with hurricane-force winds that devastated the Great Lakes Basin in the Midwestern United States and the Canadian province of Ontario from November 7 through November 10, 1913. The storm was most powerful on November 9, battering and overturning ships on four of the five Great Lakes, particularly Lake Huron. Deceptive lulls in the storm and the slow pace of weather reports contributed to the storm's destructiveness. The deadliest and most destructive natural disaster ever to hit the lakes, the Great Lakes Storm killed more than 250 people, destroyed 19 ships, and stranded 19 others. The financial loss in vessels alone was nearly US \$5 million, or about \$100 million at current value. This included about \$1 million at current value in lost cargo totalling about 68,300 tons, such as coal, iron ore, and grain 104 pp. Englisch.
