Pages Number: 144 Publisher: Zhejiang Children's Publishing House Pub. Date: 2009 - 08. With the full-time compulsory education in mathematics curriculum standards, the promulgation and start a new round of curriculum reform, teaching stratified, hierarchical evaluation of the concept has been widely accepted. Layered Curriculum unit test series is set to reflect this teaching, evaluation of ideas, with new curriculum materials for the primary set of unit test questions. Each year one, up and down every book for two semesters with each semester with the volume of the unit test and final test volume. Quality education are faced with all students, students with different learning ability differences exist, the same students in different stages of learning there will be differences in learning ability, hierarchical teaching evaluation is a recognition of this hierarchical learning differences. In this context, and individualized, so that each individual student based on the original play the greatest potential to achieve better learning results. To reflect this new philosophy, we will test all of the volume is divided into three levels: a volume-based title, b volume to improve the problem, and attached to b behind the star volume challenge questions. Each student according to their circumstances, to choose the appropriate test difficult. Learning ability of students, can do more b roll and star challenge questions, constantly seeking to challenge themselves, to enhance the capacity of the fun; If you have time, can also be a volume of the test questions as a general training, received boxing leave their hands, music comes up, the training effect. Sometimes have difficulty learning students can complete a first volume, this layer Four Satisfaction guaranteed, or money back.
