

Snowflakes Stained Glass Colouring Book (Paperback)

By John Green

Dover Publications Inc., United States, 1993. Paperback. Condition: New. Language: English . Brand New Book. Snowflakes are the six-sided wonders of the winter world -- out of billions no two are exactly alike. These miniature stars are so delicate that they vanish with a warm breath. Now with this collection of eight colorable snowflakes you can have them around all year round! The pictures are printed on special paper that allows light to shine through it. First cut the pages from the book as neatly as you can. Then color the pictures, using crayons, felt-tip pens, or paints. You ll get particularly interesting effects if you color both sides, using different colors on the backs than on the fronts. When the pictures are taped to a window, the sunlight shines through them the same way it shines through colored glass!.

Reviews

Extensive guideline! Its this sort of very good go through. I have got read and i am confident that i will gonna read through once more once more in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.
