Dimensional Delusion (Paperback)

By Richard T Stevens

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Is it not possible that there could be two dimensions? Scientists have thought so for a long time. Scientific mathematics has proven it. What is to prevent someone, with a special gift, from traveling between dimensions? Some people think they know everything there is to know. Truth is, if all of mankind's knowledge were packaged into one container, it wouldn't amount to a tiny fraction of what there is to know and understand. So how can we say something like this isn't possible. Nearly everything mankind has declared impossible, over the years, has been accomplished. It's something to ponder. Isn't it. Follow along as one young man gets his answer.

Reviews

Undoubtedly, this is actually the greatest job by any author. This can be for those who state there was not a worthy of studying. I am delighted to inform you that this is actually the greatest publication i actually have read within my very own daily life and could be the greatest book for ever.

-- **Perry Reinger**

This publication will never be effortless to get started on reading through but very fun to read. It is actually loaded with knowledge and wisdom You will not truly feel monotony at anytime of the time (that's what catalogues are for about in the event you check with me).
