In the primitive seat of European civilization, amid the noblest ruins of the ancient world, one people has preserved its existence through the wild terrors of Asiatic conquerors, and has recently contended with the enemies of Christianity and civilization, like a shipwrecked mariner with the waves, for life and freedom, whilst Christian Europe beheld the death-struggle, for seven years, without coming to any resolution which posterity will consider as due from this. From the year 1821, Europe saw the Greeks asserting a national existence but she considered this as the effort of despair, and, from day to day, expected to see the last sparks of Grecian life extinguished. She therefore withheld, for years, the assistance that was prayed for. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
