paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 84 Publisher: China Architecture Pub. Date :2011-5-1. In order to better adapt to China's higher education reform and development needs, colleges and universities to meet the application-oriented training curriculum requirements of the reform, the integration of multimedia materials content of engineering practice, according to current national standards for a variety of series graphics, combined with the teaching practice found new problems, new developments, including new requirements into the preparation of civil engineering building, structure, water supply drainage, electrical, HVAC, roads and bridges and other professional construction drawings. The materials for a complete blueprint for building construction picture, combined with the professional graphics specification, a detailed explanation of the meaning and symbols of the professional drawing methods, the blueprint for the actual construction projects, and further through the editorial process and fine, making the book's illustrations, whether line or text map so a high degree of compliance with the relevant national mapping standards and professional norms, the reader, the standard model played a role. This multi-media teaching materials incorporated the full range of construction plans for buildings, structures, water supply drainage, electrical, HVAC, roads and bridges and other engineering students and professional engineering staff to study or reference. This multi-media teaching materials from the traditional paper-based materials composed of both media and multimedia CD-ROM. Paper includes the professional figure of the content and requirements, focusing on the interpretation of the contents of the drawing sheet. Multimedia CD-ROM focusing on graphics performance, instead of teaching to meet the needs of writing on the blackboard. Characteristics and use of courseware detailed instructions. Contents: courseware for use Figure 1.1, the first chapter house construction building housing the classification of the...
