MY LIFE: EXPERIENCES THROUGH TWO WORLD WARS IN GERMANY - AN AUTOBIOGRAPHY (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The years of World War I and those of World War II, the in between years and years after World War II were years I do not wish upon anyone. Although there were many happy times, adventurous years, the wars, particularly World War II brought upon me and my family distress, pain, threats, and near death. One of the more crucial weeks of my life and that of my two children were such that I did not dare to write about. My son, as he wrote about his story during World War II had asked me a few times to narrate the three weeks of hell. It was best that I did not tell him anything about it. Of course, there were joyous moments, more importantly the immediate good times when the American can to saves us from potential harm. I wrote this biography for the benefit of my family and hope that others may find in my words the comfort of getter years and the hope of a much better future.
