Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Expanded, Revised. Language: English . Brand New Book ***** Print on Demand *****. This expanded and revised graphic edition of The Case of the Drowning Men has been issued to address developments and breakthroughs in the Smiley Face Murders and includes more photos, forensics and victim profiles. It now also provides survival tips on how to avoid becoming a Smiley statistic, as well as a guide for what to do if your own young man goes missing and is later found drowned. Much has been happening in the decades-long kill spree since the author's first investigation into the drowning men homicides was published in 2012, and this enhanced volume will bring both newcomers and longtime case followers up to date. This expanded and revised print edition also contains additional images, such as autopsy and water recovery photos, which some sensitive readers may find gory and disturbing. These are included out of scientific necessity, not for shock value. As with the first edition, you'll still find the only in-depth overview and analysis available of an unsolved serial case that has confounded waterfront communities, coroners and cops ever since 1997, and which in recent years has spread from the original killing fields of North America internationally. With hundreds of victims tallied in the United States, Canada and abroad now, no other serial murderers in the history of serial murdering have come anywhere near the body count of the Smiley Face Killers. And that death toll continues to climb. Learn everything there is to know about this elusive criminal gang, their widening victimology, and what progress is being made in the ongoing effort to capture them in The Case of the Drowning Men, by true crime writer Eponymous Rox.
