Chelsea Green Publishing Co, United States, 2016. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. The Organic Gardeners Handbook covers every aspect of creating, managing and working in the organic vegetable garden. There are chapters on climate, site selection, soil science, fertility, bed preparation, composting, cover crops, planning, raising seedlings, direct sowing, watering, harvesting, weeding, pests, seed saving, harvesting, storage, season extension, greenhouses and more! It covers both the art and science of gardening with sufficient depth to have been used as a textbook in college horticulture classes, yet it explains everything in an easily understood and even entertaining manner. Whether you are a complete novice, or a veteran gardener, you will want to keep this book out in the garden shed with your tools. It is intended to be used in conjunction with its companion book, The New Vegetable Growers Handbook, which covers the cultivation of individual crops. This new edition has been extensively revised, updated and expanded to be even more complete and authoritative, and is likely to be the most complete and useful guide to organic vegetable gardening that you will find anywhere.
