

Latin American State Building in Comparative Perspective: Social Foundations of Institutional Order

By Marcus J. Kurtz

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2013. Paperback. Book Condition: New. New.. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Latin American State Building in Comparative Perspective provides an account of long-run institutional development in Latin America that emphasizes the social and political foundations of state-building processes. The study argues that societal dynamics have path-dependent consequences at two critical points: the initial consolidation of national institutions in the wake of independence, and at the time when the social question of mass political incorporation forced its way into the national political agenda across the region during the Great Depression. Dynamics set into motion at these points in time have produced widely varying and stable distributions of state capacity in the region. Marcus J. Kurtz tests this argument using structured comparisons of the post-independence political development of Chile, Peru, Argentina and Uruguay.
