The Symbolic Napoleon: Perspectives on Gros's Bonaparte Visiting the Plague-Stricken of Jaffa (Paperback)

By Bhaso Ndzendze

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Napoleon Bonaparte (1769-1821) is arguably the greatest figure in modern history. In more than a few ways, he changed the world. In The Symbolic Napoleon: Perspectives on Gros's Bonaparte Visiting the Plague-Stricken of Jaffa , Bhaso Ndzendze contemplates his legacy through a painting of him produced by Antoine-Jean Gros in 1804, the year of his coronation as Emperor of the French. Why was the painting produced at the time that it was? Why does it specifically contain the imagery that it does? What can it tell us about Napoleon and of history as a whole? What symbols (both intended and otherwise) are manifested in the painting? Through a close, philosophical, and contextual study, these and many other relevant questions are meditated upon in a manner that will strike a chord with the reader, leading to a wider and more earnest desire to understand history, as well as a more practical appreciation of the power of art and the closely-knit ties it shares with the various realms of what is called life.

Reviews

This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).

-- Prof. Buddy Leuschke

Good eBook and beneficial one. It really is simplified but unexpected situations from the 50 percent from the ebook. You can expect to like the way the blogger publish this ebook.
