Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Bullock, at the Commencement Anniversary of Mount Holyoke Seminary, Massachusetts, June 22, 1876 If I were to adapt my theme precisely to this presence and this occasion, I should perhaps confine myself to some of the methods employed in educating the sex to which this institution has been set apart. But a good reason for thrusting this duty aside may be found in my own unfitness for it, arising by no means from a want of interest in the subject, - for that interest, even if it had been dim before, your countenances alone would brighten today, - but springing rather from my habits of life and occupation, which have not held me in objective intimacy with that delicate inquiry, the most important of our time. Neither does this day nor this school need me in that duty, which has been so well discharged by your speakers of former years, especially and most completely by the President of this institution, to whose studies and labors your sex is under many and great obligations, and mine is under more and greater obligations.
