THE NEUROBIOLOGY OF PARENTAL BEHAVIOR

Condition: New. Publisher/Verlag: Springer, Berlin | In addition to filling a need within the field of parental behavior, this book contributes importantly to the growing area of emotional and motivational neuroscience. A major part of neuroscience research at the whole organism level has been focused on cognitive neuroscience, with an emphasis on the neurobiology of learning and memory, but there has been a recent upsurge in research which is attempting to define the neural basis of basic motivational and emotional..
