Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The White World: Life and Adventures Within the Arctic Circle Portrayed by Famous Living Explorers There have been many books written on the subject of Arctic Exploration, chiefly historical works. But, in many respects, we believe The White World will be found by its readers to be something unique in Polar literature. Twenty-two famous living explorers have given their personal experiences, and have described what interested them most in the Far North, that great region of silence and mystery. The articles are, so to speak, human documents, in which are embodied all the pathos, all the humor, all the tragedy of the expeditions, which, with extraordinary courage and amidst unparalleled sufferings, have attempted to reach the North Pole. It is the universal testimony of all who have been there, that the great glittering waste of ice and snow possesses a peculiar and indescribable fascination. In the belief that the same fascination may exist for the reader of these experiences, as well as the real actor in them, this book has been compiled and is confidently offered to the public with a full belief in its value and its entertaining qualities.
