It has two aims - one to be a treatise for students upon Italian pronunciation as compared with English, based upon scientific phonetics, with numerous examples; and the other, to be at the same time a thoroughly useful phrasebook for travellers, with the pronunciation as accurately represented as is possible in any printed system. The traveller abroad finds his first need always to be the most ordinary and idiomatic phrases. He who knows nothing of the language is naturally entirely at sea, while even those who have studied the language in the classical method, too often find themselves in hardly less difficulties, for though they may write and read it, they often cannot pronounce or understand it. It is a guide to the exact sounds that is most needed. Until a more rational way of teaching modern languages orally is introduced into our schools, a system of careful indication of the sounds by means of signs will be the next best preparation for a person travelling abroad. The recent researches of Alexander J. Ellis, Melville Bell, Paul Passy, Henry Sweet, and others, have led to a close and accurate knowledge of the various spoken sounds in a language, and it is the application of these researches, with other original remarks in a popular and useful form, which it is the purpose...
