Designed to mirror the clear and supportive approach taken by the Edexcel specification, they give you a simple way to choose the specification route most suited to your students. Confidence in specification coverage with materials written by examiners to follow the structure of the specification and give you and your students a complete solution. In addition, the materials also cover the 'How Science Works' elements introduced into the Science specifications from September 2008. Flexible and accessible materials designed with your students in mind with all core units included in each book, plus ALL option units covered on the FREEActiveBook CD-ROM (a digital version of the Students' Book that accompanies each Students' Book), giving your students a more manageable resource. The books are designed to be accessible to students across the ability spectrum, with engaging, full colour, double-page spreads. Diagnostic assessment and revision support with end-of-chapter...
