The Future of the Image

By Jacques Rancière

Verso Books. Paperback. Book Condition: new. BRAND NEW, The Future of the Image, Jacques Rancière, In "The Future of the Image", Jacques Rancière develops a fascinating new concept of the image in contemporary art, showing how art and politics have always been intrinsically intertwined. Covering a range of art movements, and thinkers such as Foucault, Deleuze, Adorno, Barthes, Lyotard and Greenberg, Rancière argues that contemporary theorists of the image are suffering from religious tendencies. He suggests that there is a stark political choice in art: it can either reinforce a radical democracy, or create a new reactionary mysticism. For Rancière there is never a pure art: the aesthetic revolution will always embrace egalitarian ideals.
