

Adult Coloring Book - A Sensual Vineyard (Paperback)

By Rolf McEwen

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book is intended to help adults relax and let go of stress while coloring beautiful, organic images. It is a collection of pictures taken in a vineyard. They display the beauty of grape vines shortly before harvest. Grapes are plump and juicy as they hang in the sun. Leaves show sharp, serrated edges and distinct veins. Trunks and stems twist and turn as if growth for them was a slow, agonizing process. One can see abstract shapes and forms in addition to the fundamental reality of life on the vines. The images reveal the art of nature unfolding in sensual forms and shapes. This is not a typical coloring book with bold black lines surrounding white spaces. Much of the pictures cannot be colored because they are gray or black, but a portion of every image can be colored. Creativity will emerge when finding the spaces to be colored. Beauty will emerge in the process. Enjoy.
