Prodromus of a Practical Treatise on the Mathematical Arts, 1838: Containing Directions for Surveying and Engineering (Classic Reprint)

By Amos Eaton

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Prodromus of a Practical Treatise on the Mathematical Arts, 1838: Containing Directions for Surveying and Engineering This book is chiefly made up of selections from a mass of heterogeneous materials, which I have been depositing in my common journal for more than thirty years - some of which, however, I published in 1830, under the title Art without Science. I may add, that I had published a very small treatise under the same title, in the year 1800. Students have made use of manuscript copies from my notes, for a kind of guide in their course of exercises, for the last four years. Examiners, appointed by the Patron of this Institute, have followed them, mostly, for the same period. Though it is offered as the Prodromtus of a full treatise on Mathematical Arts; I have progressed too far on the way to the borne of three score and ten, to give any assurances. I have materials enough to complete the object; but there is a point by nature fixed, whence life must downward tend. Logarithms...
