Archway Publishing, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The face and the body with a reflection, but to life no one is there. A beating pulse, a heart of visceral emotions, warm tears to cry, a mind of relative thoughts. As real as an image but unviable to touch, it must be a human, it must be a hologram. Eve Lauren Chilicas invites others to take a cosmic journey into the metaphysics of the mind and soul while she explores the unknown, truths, and phenomena through lyrical verse. In a style as diverse as her collection, Chilicas brings to life her poetic visions in a broad range of topics that progress through the duality of fact or fiction while uniquely delving into the inner world of thoughts, feelings, and emotions. From a mystic dream to a shooting star and from biblical allegories of our Savior Christ to angels and dark forces to the cosmic universe and spiritual awareness, Chilicas encourages others to cross the dimension into a new world of relative conscience and open their minds to the endless possibilities. Supernatural shares a collection of poetry that innovatively intertwines personal themes and science fiction elements that offer a means to view the universe in a new way.
