ECO LIVING JAPAN: SUSTAINABLE IDEAS FOR LIVING GREEN (HARDBACK)

Tuttle Shokai Inc, Japan, 2016. Hardback. Condition: New. Language: English . Brand New Book. Japan is equally as well known for its ecologically-sensitive traditional homes as it is for cutting-edge, green technology. Eco Living Japan presents 19 contemporary Japanese houses which exemplify the most recent trends in sustainable design in Japan. This is wabi-sabi for the 21st century! With over 250 photos, drawings, plans and lively, informative text, this sustainable architecture book offers a picture of green living in contemporary Japan and provides inspiration and practical ideas for those creating homes in other 4 season climates. Each project presents different aspects of Japan's current movement toward a more sustainable living environment as well as its focus on fine craftsmanship and cutting-edge technology. The book's content is informative and enjoyable for both professional architects and forward-thinking homeowners. Anyone with an interest in Japanese design and trends in sustainable living will find fresh ideas for their own home projects. These homes work in harmony with their environments and with the people who inhabit them- green design at its best! Accessible and beautiful, Eco Living Japan presents concepts of Japanese house design specialized for modern ecological sensibilities. With emphases on the history of Japanese construction and modern building simplicity, this book is likely to appeal to design students, and homebuilders and homebuyers concerned with environmentally mindful design. Expect it to fuel the growing fandom of home simplicity and efficiency, as well as interest in Japanese traditional design. - Foreword Magazine.
