Lange Biochemistry and Genetics Flashhcards, Third Edition

By Suzanne Baron

McGraw-Hill Education - Europe, United States, 2017. Book. Condition: New. 3rd Revised edition. Language: English . Brand New Book. Nearly two hundred case-based flash cards provide a fun, fast way for students to review the essentials of biochemistry and genetics Biochemistry and Genetics Flash Cards, Third Edition feature a clinical vignette on one side, with key disease facts such as etiology, pathology/pathophysiology, clinical manifestations, and treatment on the flip side of the card. They offer a concise, yet complete review of the subject and are valuable for the biochemistry and genetics shelf exam as well as the USMLE Step 1. The author has carefully selected the most board-relevant content, with a strong focus on the clinical aspects of the subject. - Introduction cards appear at the beginning of each section to refresh knowledge of basic principles - Important disease facts are highlighted for rapid review - Perfect for disease comparisons.

Reviews

It in one of the most popular publication. It is actually writter in easy words instead of confusing. You will like how the author create this book.

-- Art Gislason

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).
