PIXYJACK PR LLC, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. Harnessing the wind can be a tricky business, but in this ground-breaking book the authors provide step-by-step, illustrated instructions for building a wind generator in a home workshop and then installing it in an off-grid home electric system. Even if you don't plan on building your own turbine, this book is packed with valuable information for anyone considering wind energy. It covers the basic physics of how the energy in moving air is turned into electricity, and most importantly, it will give you a realistic idea of what wind energy can do for you--and what it can't.
