IN SEARCH OF CAPTAIN BEEFHEART (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The sixties raged. I was young, crazy, full of hormones and wanting to snatch life by the balls. There was a life out there for the grabbing and it had to be wrestled into submission. There was a society full of boring amoral crap and a life to be had in the face of the boring, comforting vision of slow death on offer. Rock music vented all that passion. This book is a memoir of a life spent immersed in Rock Music. I was born in 1949 and so lived through the whole gamut of Rock. Rock music formed the background to momentous world events - the Civil Rights Movement, Vietnam War, Iraq war, Watergate, the miners strike and Thatcher years, CND, the Green Movement, Mao and the Cultural Revolution, Women s Liberation and the Cold War. I see this as the Rock Era. I was immersed in Rock music. It was fused into my personality. It informed me, transformed me and inspired me. My heroes were musicians. I am who I am because of them. Without Rock Music I would not have the same sensibilities, optimism or ideals. They woke me up! This tells that story.
