One man's dream burst into reality as Sand Springs, Oklahoma, became the industrial center of the southwest in the early twentieth century. Self-made millionaire Charles Page recognized opportunity and quickly bought Native American land allotments as they became available for sale, setting about his vision of creating a planned community for thousands of workers. From feverish growth and economic prosperity to violent labor unrest and race riots, Sand Springs exemplifies the opportunities and struggles faced by countless towns across the nation. The more than 200 images contained within this book are from the collection of the Sand Springs Cultural and Historical Museum, as well as several private contributors. Focusing on the unusual philanthropic endeavors, industrial and economic diversity, and intriguing political and social structure that has formed this spirited town, the book invites its readers to examine many rare photographs and discover for themselves the traits that make Sand Springs both unique and ubiquitous. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
