The Art of Sampling: The Sampling Tradition of Hip Hop/Rap Music and Copyright Law (Paperback)

By Amir Said

Superchamp Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The art of sampling -- one of the most innovative music processes to emerge in the late-twentieth century -- stands today as both a celebrated art form and a cultural activity within the hip hop/rap music tradition and beyond. The Art of Sampling (Amir Said, author of The BeatTips Manual), examines this complex and controversial music process, and presents a study that illuminates the history, creative mechanics, and philosophy of sampling, while also exploring the implications that it holds for copyright law. Divided into three primary parts, including an in-depth History part, a robust Instruction (how-to) part, and a highly comprehensive Copyright Law part, The Art of Sampling is detailed, sharply informative, and engaging. Astute and intensely thought-provoking, it s the definitive book on sampling in the hip hop/rap music tradition and copyright law, and one of the most striking and poignant music studies to come along in years.
