

The Jerusalem File (Paperback)

By Joel Stone

Europa Editions, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book. Jerusalem, that most historic of cities, is seething with its legacy, the futile attempt to determine the future by reenacting past injustices. Except for that memorable period in France, Levin has been here for most of his adult life. Retired now from the security services, he lives alone a few streets away from his wife, continents away from his children. Adrift, Levin agrees to follow his friend's wife and discover her secret lover. Unlike suicide bombings, which strike him as incomprehensible, the assignment engages him as one that can be measured and possibly solved. As Levin watches the woman, Deborah, he begins to assess her as a potential lover might. And when the man her husband believes to be her paramour is murdered and Deborah, in desperation, turns to him with an unexpected request, his own moral universe becomes as conflicted as the struggle between Arab and Jew for the fate of the fabled city.

Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Talia Cormier**

Most of this ebook is the best publication available. It is definitely simplistic but unexpected situations within the 50 percent of the book. You will not sense monotony at any moment of the time (that's what catalogs are for relating to in the event you request me).
