Language: English Brand New Book ***** Print on Demand *****.Excerpt from Lectures on Bible Revision The following work is especially intended for Sunday-school and Bible-class teachers, and for such others as from any cause may be unable to consult many books or to read lengthened treatises. It has seemed to me to be of great importance that those who are engaged in the responsible service of teaching the young, and to whom the Bible is the constant source of appeal, should be able both to take up an intelligent position in regard to the new revision of the English Scriptures, and to meet the various enquiries that will be made respecting it by those about them. I have therefore endeavoured to provide for their use, in a compendious form, a survey of the general argument for revision, and of the facts which exhibit the present duty of Christian men in relation thereto. In the execution of this purpose it has been necessary to direct attention to the chief stages in the growth of the English Bible, but this has been done only so far as seemed to be requisite for the illustration of the main argument. Those who may desire to study this part of the subject more at length are referred to the full and interesting volumes of Dr. Eadie, or to the convenient manuals published by Dr. Moulton and by Dr. Stoughton.
