Becoming Whole: Building Natural Immunity in the Body and Soul (Paperback)

By Dr Lea Povozahev

Alpha Academic Press, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In Becoming Whole: Building Natural Immunity in the Body and Soul, the message is on preserving the sanctity of life by deliberate care for the body and spirit. The first half of the book is concerned with holistic health care, calling for a need to consider individuals unique bodies and souls and work with nature by building the immune system through nutrition and healthy lifestyles, and especially on the necessity of reconsidering the dangerous practice of vaccination. My argument's premise is on the sanctity of life: not using vaccines cultured with aborted fetal stem cells (as over 21 current vaccines are), and not vaccinating because toxic preservatives and harmful adjuvants poison the body. Many of us are unaware that vaccines were introduced after diseases were on the decline and have never lessened illness, ever. In fact, since the beginning of vaccination in the 1900s, doctors, scientists, parents, and care-takers have warned that vaccines render us susceptible to food allergies and eczema, diseases they are supposed to prevent, and compromise one's overall health in numerous ways including cancer and infertility. Vaccination is especially...
