Brand New Book ***** Print on Demand *****.Over the last few years I have successfully transitioned a volunteer hobby helping people get out of debt into a solid, profitable, company that empowers individuals through financial education and financial planning. Many coaches and mentors have guided me along this path, and all of them, no matter WHAT area of my business they were addressing, forced upon me the same conclusion: I am my own worst enemy. Not the man. Not the glass ceiling. Not the time constraints of being a single working mom (and, later, a married, working mother of a growing family). ME. Yes, there are many outside factors I have to overcome. All of us have internal and external characteristics that hinder us. We have circumstances thrust upon us. We have pasts that weren't our fault. It's not the obstacle we face, but how we attack it. In this book, you'll learn many of the ways I was blocking my legacy. It is my hope that you will find yourself in my struggles, and that you will learn from them.
