

Revolutionary Afterthoughts: Of a Bound Genius (Paperback)

By John O Loughlin

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Dealing with essentially the same subject-matter as its precursor, Revelationary Afterthoughts (2003), this further example of aphoristic philosophy by John O Loughlin is even more exactly insightful in its understanding of the differences between the eternal freedoms that rule or lead and the temporal bindings that submit, in worldly fashion, to the alternative dispensations so antithetically ranged above them, whether in contemporary or traditional guise. Here there is no question but that the worldly division between what has been called the meek and the just is symptomatic of two entirely different and largely independent axial orientations, an ascending axis of church-hegemonic criteria and a descending axis of state-hegemonic criteria, and that the salvation of those who meekly appertain to the former is crucial to the undermining if not, eventually, complete invalidation of the latter.
