iUniverse, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.For more than 20 years, Elizabeth Howard has worked with dreams and dreamers to enable each person to discover the secrets of their dreams. In The Dreamwork Papers, Howard introduces major theories and methods of dreamwork such as the work of Sigmund Freud and Carl Jung. She describes her own work and her studies of the work of Frederick and Laura Perls and their formulation of gestalt therapy. She tells how to create a helpful dream journal and how to use the magic cookie as an aid to remembering dreams. Elizabeth Howard lives in Gainesville, Florida. She studied psychology, dreams and the gestalt approach with Vincent F. O Connell, Ph.D. She has taught classes in the psychology of dreams in community college, offers lectures about dreams in the community, and facilitates individuals and groups centered on self-discovery through dreams. I've been fascinated by dreams for years, she says. I don't know of anything else that reaches so deep into the soul of the individual. Dreams can bring laughter and tears, but to me, in the end there always seems to be growth and moving on.
