Big men, small men, smart men, strong men, brave men, kind men, rich men, poor men: they can all be different. They can all be real men, and it seems like they all were not all that long ago. The men of the greatest generation knew what fortitude meant. They knew what it took to win a war, to win someone's heart. They knew the meaning of words like husband and father and respect. Real men are still around today, but you have to know what to look for. This book makes it clear who they are. Let this be your manual. Michael Banner will give you a personal tour through the world of our fathers and grandfathers and show how the strength these men had hasn't faded, and how we need it now more than ever.
