Reviews

Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

I.B.Tauris Co Ltd, United Kingdom, 2016. Hardback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book. China has traditionally viewed her frontier regions Zxinjiang, Tibet, Inner Mongolia and Yunnan as buffer zones. Yet their importance as commercial and cosmopolitan hubs, intimately involved in the transmission of goods, peoples and ideas between China and it west and southwest has meant they are crucial for China s ongoing development. The resurgence of China under Deng Xiaoping s policy of reform and opening has therefore led to a focus on integrating these regions into the PRC (People s Republic of China). This has important implications not only for the frontier regions themselves but also for the neighbouring states, with which they have strong cultural, religious, linguistic and economic ties. China s Frontier Regions explores the challenges presented by this integrationist policy, both for domestic relations and for diplomatic and foreign policy relations with the countries abutting their frontier regions.
