CABI Publishing, United Kingdom, 2002. Hardback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. The purpose of this book is to examine the nature of and relationship between the knowledge of farmers and of scientists, and how these can be best integrated in plant breeding. In the past, farmers knowledge of local biodiversity has often been underutilized, but currently there is an increased recognition of the importance of farmer participation or collaboration.
