The Boy Who Fell into the Sky Jeff Bowman doesn't know that he is anything other than a normal 14 year old. No one does—at least, no one that's human. Not yet. Like most kids his age in the year 2715, Jeff lives in a building that's 3,000 stories tall. He deals with all the challenges a normal guy faces where he lives—escaping poverty, making the grade in school, handling a bully gone wild, making friends, and maybe finding a girl that's more than a friend. But Jeff suddenly finds his world turned upside down and he ends up leaving Earth to colonize a distant planet. On the trip through the Federated Alliance, a disaster strikes and tosses the ship far across the galaxy to a region of space where humanity has never been. Cut off from outside help, the crew and passengers of the lost starship quickly find that they are carrying armed and hostile terrorists. For reasons that no one can understand, the relentless fighters not only want to take control of the ship, but they are specifically targeting Jeff. Struggling against all odds, Jeff must find a way to survive in a dangerous universe that seems bent on destroying him. The Possessor Wars Series The Possessor Wars is a compelling six-book series documenting humanity's First Contact with energy beings from another universe who seek the one thing that we have that they...
