Reviews

This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Tate Publishing Enterprises, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. As a child, I loved to draw, and it has continued throughout my life. My aunt was an art teacher in Jacksonville, Florida, and in 1980 I took art classes at her home. We took a trip to the art museum, and my interest in the art world began to grow. I loved it; the pictures looked like photos. As we were leaving the museum, they handed out cards that had some of the paintings on them. Flowers are what I loved the most; it reminded me of God's beauty. As a child, I was taught the word of God by my aunt and grandmother, and it inspired me to write my own little poems and add my own drawings. Life's great path, little did I know forty or so years later that I would work in a greenhouse with flowers. God is good! In the summer of 2013, I decided to make a change in my life. I loved my job, but I wanted more. My mom said, Why don't you go back to drawing? I cleaned out my art box and found colored pencils I never used. That started me on my journey to glorify God for His love and powerful word for his children. So I decided to put the two together again.
