SURFACE TREATMENT OF DENTAL IMPLANTS

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | An overview & Current Trends | Although oral implants have improved the lives of millions of patients, fundamental information relating implant characteristics and clinical performance is often lacking. More than 1300 implants, produced by different manufacturers, have been identified. It is therefore, important to know whether certain surface modifications or particular materials will improve clinical results and provide the best available treatment. In recent years, the concept of evidence based practice has...
