The Learning Journey: Absorbing Life s Lessons (Paperback)

By June W Lamb Mft

Balboa Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Learning Journey compels the reader to see their own journey through life as a climb toward consciousness and survival. This gripping true story of one person s successful struggle to survive tragic and chaotic challenges can lead others to an examination of childhood scripts, and a recognition of their own value system based on their life experience. Combining psychological and spiritual wisdom, June Lamb, gives guidance and inspiration for those willing to step into the classroom called life as they explore what it means to be human. The acceptance of loss as part of that classroom, and the search for finding authority in religion, medicine, higher education, and law are widely explored in her absorbing story of a life full of universal themes that will be recognized by all. She tells her personal story in conjunction with case examples drawn directly from her years of practice as a family therapist.

Reviews

This pdf is fantastic. This really is for all who statte there was not a worth looking at. Your lifestyle period is going to be convert the instant you complete looking over this pdf.
