By Gerardus Blokdyk

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. What role does communication play in the success or failure of a Digital Forensics project? Will team members perform Digital Forensics work when assigned and in a timely fashion? What are the business goals Digital Forensics is aiming to achieve? Can Management personnel recognize the monetary benefit of Digital Forensics? Are there Digital Forensics Models? Defining, designing, creating, and implementing a process to solve a business challenge or meet a business objective is the most valuable role. In EVERY company, organization and department. Unless you are talking a one-time, single-use project within a business, there should be a process. Whether that process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, What are we really trying to accomplish here? And is there a different way to look at it? For more than twenty years, The Art of Service s Self-Assessments empower people who can do just that -...
