Reviews

Very helpful to any or all category of folks. It is written in simple phrases rather than difficult to understand. It has been developed in an exceptionally simple way and is particularly just after I finished reading this pdf in which basically transformed me, modified the way in my opinion.

Pocket Books, 1992. Hard cover. Condition: New. Dust Jacket Condition: New. New in new dust jacket. Sewn binding. Paper over boards. Audience: General/trade. From Kirkus Reviews Three top-of-the-line international call girls and their Parisian madame befuddle an American journalist who can't figure out whether he has been commissioned to tell all or nothing about their very scandalous, very entertaining lives. Free of the restraints of co-authoring (with Sandy Till Robinson, *Friends in High Places*, 1979) and ghostwriting, author Goldberg cuts loose and may never have to go back to the old grind. The story drips with as many furs and gems as a Collins or Sheldon, but everyone seems to be having much more fun and there is no poky, unbelievable high finance or business mumbo-jumbo in this entertaining diversion about sex, loyalty, love, money, romance, and writing. Reporter Peter Shea's first contact with one of procuress-to-the-powerful Madame Cleo's splendidly skilled employees at a posh orgiastic do outside Paris was smashing and never-to-be-forgotten, but the home office heard about it and Peter got the axe. Several years later, after painfully rebuilding his career with the help of his clever, zaftig, and shamelessly lovelorn editor, Peter is offered the chance to ghost the memoirs of Madame Cleo, who is now in the clutches of the French IRS and badly in need of big money. Word of Madame's decision to Tell All has already resulted in an attempt on her life, and, given the wealth and power of her clientele, there's no end of suspects. It's a bit frightening, but a million-dollar advance is enough to take care of any reservations Peter might have, and he settles into one of Madame's hotels to begin taping her richly fascinating memories. But the memories are all about her star American pupils and never about...
