Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Mary Baker Eddy (July 16, 1821 - December 3, 1910) was the founder of Christian Science, a new religious movement, in New England in the latter half of the 19th century. Eddy wrote the movement's main textbook, *Science and Health* (1875), and founded the Church of Christ, Scientist in 1879. She also founded the Christian Science Publishing Society (1898) and *The Christian Science Monitor* (1908). Eddy was born Mary Morse Baker in a farmhouse in Bow, New Hampshire to farmer Mark Baker (d. 1865) and his wife Abigail Barnard Baker, nee Ambrose (d. 1849). Eddy was the youngest of the Bakers six children: boys Samuel Dow (1808), Albert (1810), and George Sullivan (1812), followed by girls Abigail Barnard (1816), Martha Smith (1819), and Mary Morse (1821). Mark Baker was a strongly religious man from a Protestant Congregationalist background, a firm believer in the final judgment and eternal damnation, according to Eddy.[2] McClure's magazine published a series of articles in 1907 that were highly critical of Eddy, stating that Baker's home library consisted of the Bible-though Eddy responded that this was untrue and that her father had been an avid reader. Eddy wrote that her father had been a justice of the peace at one point and a chaplain of the New Hampshire State Militia. He developed a reputation locally for being disputatious; one neighbor described him as [a] tiger for a temper and always in a row.
