Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. Cuckoo s Egg is a novel by science fiction and fantasy author C. J. Cherryh, set in her Alliance-Union universe. It was nominated for the Hugo Award and longlisted the Locus Award for Best Novel. It was later included, along with Cherryh s novel Serpent s Reach, in the 2005 omnibus volume The Deep Beyond. The audiobook introduces the alien Shonunin race, and the plot of the novel concerns a male Shonun raising a human boy. They named him Thorn. They told him he was of their people, although he was so different. He was ugly in their eyes, strange, sleek-skinned instead of furred, clawless, different. Yet he was of their power class: judge-warriors, the elite, the fighters, the defenders. Thorn knew that his difference was somehow very important but not important enough to prevent murderous conspiracies against him, against his protector, against his caste, and perhaps against the peace of the world. But when the crunch came, when Thorn finally learned what his true role in life was to be, that the future of two worlds might hinge on him, then he had to stand alone to justify his very existence.
