Brand New Book ***** Print on Demand *****.Excerpt from Old Worlds for New: A Study of the Post-Industrial State March 1914. 23m ovement to-day, like the French Revolution, may suffer a reaction. Meanwhile, the most extraordinary thing in the whole situation is that few appear to have connected these quarrels with certain fundamental contradictions involved in Socialist theory. It is possible for a man to be consistent and courageous if he has behind himl a consistent theory, but impossible if the theory be a bundle of contradictions. A man may not perceive such inconsistencies in theory, but he will, nevertheless, not escape being involved in them when he attempts to reduce them to practice. Such inconsistencies will paralyse his will, and a man who acted courageously at one time of his life will, to all appearances, tend to act like a coward at another. For when he is called upon to reduce such theories to practice, his policy will become involved in contradictions.
