Veritas Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Mormonism is a truly unique American religion. Born in upstate New York and suckled on the breast of freedom, a small group of self-styled Saints began preaching the gospel of Christ as revealed to Joseph Smith by divine revelation. Smith spoke of a heavenly visitation by God the Father and His Son Jesus Christ, endowing young Joseph with the authority to restore God's one, true church here on earth. Under the direction of Joseph Smith, Jr. and later Brigham Young, The Church of Jesus Christ of Latter-day Saints quickly rose to a position of prominence in the mid 19th century. Latter-day Saints are largely regarded by society as industrious, honest, moral and decent people, but there is another side of Mormonism hidden from the prying eyes of outsiders. Secret Agenda is a well documented expose revealing an ongoing conspiracy, stretching all the way back to the first prophet of the Church and his vision of establishing a theocratic government. Written by a seventh generation Mormon with ancestral ties to the ultra secretive Council of Fifty, Timothy pulls back the veil of secrecy to reveal the true aim of the Church. Beneath the deceptively calm surface of a global religious institution, a storm is raging. With more than 15 million members worldwide, The Church of Jesus Christ of Latter-day Saints is preparing to fulfill its ultimate destiny. Unbeknownst to American citizens, an unassuming adversary patiently waits in the shadows - ready to pounce at a moment's notice. Lurking just around the corner, a well organized shadow government is waiting for all of the right pieces to fall into place. Imagine what would happen if only a small portion of The Mormon...
