This board receives all applications for appointments as public medical officers (State officials) and all applications for apothecaries licenses (only a limited and rarely increased number of which are available in Denmark), and it recommends which applicants are to be preferred. It proposes the establishment of new apotheks, 2 has the supervision of the moving of already established ones, and it annually fixes the price of drugs. Further the State board of health has to survey the enforcement of medical and sanitary laws and regulations generally, correct and advise the public medical officers in the performance of their professional duties, call the attention of the civil authorities to transgressions of the medical and sanitary laws, and if necessary make suggestions to improve the conditions. A further duty is to spread hygienic information amongst the population. The board receives reports on diseases prevailing, and on sanitary conditions, from the public medical officers, hospital practitioners, and the general practitioners, and treats these reports comprehensively in a special medical statistical bureau of its own, giving a synopsis...
